

Official International Trustee Newsletter of Key Club International

## HELLO SERVANT LEADERS OF KEY CLUB INTERNATIONAL!

It is such an honor to be elected as one of your eleven International Trustees for the 2012-2013 Key Club year! I feel very privileged and honored to serve the districts of **Florida**, **Wisconsin-Upper Michigan**, and **West Virginia**.

For the 2012-2013 service year, my goals are to provide and create training materials for our members, and to serve my assigned districts as I hope to build the bridge of communication to all levels of Key Club.

I am beyond excited and cannot wait to start working with you. Throughout the service year, if you have any questions or comments, please do not hesitate to contact me any time! It would be my honor to assist you, as I hope to become another resource at your service.

Thank you so much for your dedication and passion for service; I look forward to meeting you in the near future!

--

In caring, service, and friendship,

*Yein Ha*

## What's going on International?

Leadership Conference & International Board Training was held on July 22~29, 2012 in Indianapolis, Indiana. It was definitely one of the most exciting weeks of my life! International Board of Trustees were assigned to their districts and committees. The four committees this year are: Executive, Communications, Reach, and Education and Development. (I will be serving on the Executive Committee and the Education and Development Committee! ) Later that week, the entire International Council came together for the Leadership Conference.

The International Board is currently working together to accomplish all of our goals and directives. Communications Committee will be tackling the website, Key T.V., and different ways to promote Key Club. Reach Committee will be developing ways to reach out to non-Key Club members. Education and Development Committee will work to create resources such as an online service fair, training materials for officers and advisors, and starter kits for newly chartered clubs. I will be specifically working on updating and creating new team building resources to connect and guide our officers.
