HOW TO REACH OUT TO OTHER SCHOOLS

Talk to students

The students are the ones who would ultimately be participating in the club. Share with them experiences you have had in Key Club and what you've taken away from them.

Invite them to service events

Service events would give them a good idea of what Key Club is all about, and allow them to experience the club first hand.

Talk to staff

Each Key Club needs approval from the school's staff as well as a staff administrator. Talk to the school administrators and see if they would be interested in having a Key Club.

**The beginning of the school year
is a great time to encourage
schools near you to join Key Club!**

**If you have any questions about
club development please don't
hesitate to ask me!**
